## YKSI

WOODEN LIGHTWEIGHT

Yksi means “one” in Finnish and it’s this singular statement that’s behind the design. A sibling to the Yksi Chair by the Danish / Finnish design duo Thau & Kallio, the Yksi Stool captures the essence of a bar stool.

With its graceful silhouette crafted in pure oak, the Y-shaped legs positioned upside-down add a distinctive look to this sturdy yet light design. Each piece is meticulously crafted in oak, boasting solid oak for the legs. Available in an oak plywood seat or an upholstered version, Yksi is a welcome addition to any restaurant, bar, corporate dining hall, retail setting or private kitchen.

When seen together, the Yksi Chair and the Yksi Stool comprise a collection that’s light at first sight, yet strong. Sharing the Y-shape support as their distinctive design lingo in exquisitely crafted solid oak.
