PRESS RELEASE
FEBRUARY 2018

NEWS:

ANA – A DURABLE EXTENSION TABLE

Fredericia presents Ana designed by Arde – a new extendable dining table that unites timeless design, superb craftsmanship and agile functionality; making it the perfect choice for a multitude of uses – from family gatherings to business meetings.

Functionality & durable beauty made in Denmark

The Ana table is constructed with a solid wood frame with an expandable table top featuring an elegant butterfly folding system, which stores the leaves in the table when not in use. According to needs, Ana is extendable from 220-320 cm accommodating up to 12 guests.

Ana features a premium laminate top with a beautiful super-matt finish that is both tactile, durable and spot-resistant. Additional aspects like facet-cut edges in solid wood and a hardwearing, easy-to-use extension mechanism make Ana endure everyday use.

Designed with simple lines and a light expression, the Ana Table adds a new chapter to Fredericia's collection of modern originals.

Designer's quote

"The Ana dining table catches what the Fredericia DNA is all about. The functionality of the table is common sense and it works beautifully in an everyday situation. The selection of materials and colours are subtle and exclusive. The design language is silent but refined, which makes the table extremely diverse and ensures that it will look great in combination with any type of chair." – Arde

Ana is available in stores now.

About Fredericia

Since its foundation in 1911, the family-owned company Fredericia has built up a strong tradition of beautiful craftsmanship and innovative design, developed in close collaboration with a circle of internationally recognised designers.
